

Seedless

Simple and Private Passkey Wallet

Live on Solana Mainnet Beta **Log In With Face ID**

No seed phrase · No gas to start · Privacy by default

**60.8% of crypto users default to
custodial wallets**

**Only 43% can even recognize a seed
phrase**

Self-custody is a minority behavior · Seed phrases are why

\$9.3B lost to crypto fraud in
2024

69% of wallet losses came from
compromised keys —
not smart contract bugs

The seed phrase is the single biggest attack surface in crypto
